PROFESSIONAL SUMMARY

An Informatics graduate from Telkom University with Cum Laude honors, specializing in Web Development, Computer Vision, and Machine Learning. Proven track record in optimizing operational efficiency through an IT internship at InJourney Airports. Successfully engineered multiple applications including "Spacio," an AI-integrated web reservation system, and authored international research publications focused on Deep Learning and Image Classification. Proficient in leveraging technology to accelerate software development and deliver high-performance digital solutions.

WORK EXPERIENCE

InJourney Airports Tangerang City, Indonesia
Airport Application Strategy Intern August 2025 – September 2025

- Analyzed airport application infrastructure performance and proactively provided technical recommendations for system improvements.
- Digitalized the Meeting Room Reservation System (Spacio) by contributing to web-based booking digitalization and providing technical assistance in application development to enhance daily operational efficiency.
- Provided direct IT support to operational staff and developed comprehensive user manual documentation.

Informatics Laboratory Telkom University Bandung, West Java, Indonesia
Operating System Practicum Assistant September 2024 – July 2025

- Assisted students in understanding operating system concepts and Linux-based environments.
- Supported practicum sessions, troubleshooting, and grading.
- Developed technical mentoring and communication skills.

EDUCATION

Telkom University Bandung, Indonesia
Bachelor of Informatics 2022 – 2026

- GPA: 3.66/4.00 – Focused on Data Sciences and Computer vision (Cumlaude).

SMAN 16 Jakarta Jakarta, Indonesia
Natural Sciences (IPA) 2019 – 2022

SMPN 88 Jakarta Jakarta, Indonesia
Junior High School 2016 – 2019

PROJECT EXPERIENCE

Spacio (AI-Integrated Meeting Room Reservation) *Web Application*

- Engineered a full-stack web application integrated with AI features to optimize smart scheduling and real-time room availability management.

E-Commerce Web Platform *Web Application*

- Developed a responsive and comprehensive e-commerce website featuring secure transaction workflows and an intuitive user interface.

Duit-flow *Mobile Application*

- Built a mobile application for personal finance management, enabling users to track daily expenses, monitor cash flow, and optimize budgeting efficiently.

Warungin *Digitalization Application*

- Created a digital ordering system tailored for local food stalls (warung) to automate order management, streamline workflows, and improve customer service.

BOOTCAMPS & CERTIFICATIONS

- AI for Work & Career Readiness with Google AI Products (Bootcamp) – Hacktiv8 May 2026
  Credential ID: 04484/H8/CSR/MBA2/V/2026
- AI Engineering – Digital Talent Scholarship May 2026
  Credential ID: 22910029850-20496
- Build an AI Agent – IBM May 2026
- AI Fundamentals (AI-900) – Microsoft May 2025
  Credential ID: cbf3f9d3
- Web Development Fundamentals – IBM May 2026
- Memulai Pemrograman dengan Python – Dicoding June 2024
  Credential ID: KEXL1MEM4XG2

AWARDS & COMPETITIONS

- DigiHack 2025: AI for Good (Empowering Innovation with Telkom Group) August 2025
  Participant/Competitor – Digistar Club by Telkom Indonesia (Credential ID: 1447/CC-TELU/DigiClub/X/2025)

PUBLICATIONS & CONFERENCES

- Classification of Dragon Fruit Ripeness Level Using Convolutional Neural Networks Architecture.
  2025 International Conference on Green Energy, Computing and Intelligent Technology (GEN-CITY). Track: Artificial Intelligence and Its Applications. (2026)
- Comparative Performance Analysis of Efficient NetV2-S, InceptionV3, and ResNet50 in Fruit Classification.
  Jurnal Ilmiah Komputasi (Jikstik), Vol. 24, No. 3. Sinta 4 Accredited. (Published Sept 13, 2025)

ORGANIZATIONAL EXPERIENCE

BPM HIMAIF Telkom University Bandung, Indonesia
Internal Affairs Council January 2024 – May 2025

- Managed internal organizational affairs and ensured the smooth operational flow of the student association.
- Oversaw administrative and logistical requirements for internal association activities.

GDSC Telkom University Bandung, Indonesia
Member December 2023 – May 2024

- Participated in technology workshops and collaborated on small-scale software projects.
- Studied the implementation of latest Google technologies in application development and integration.

SKILLS

Hard Skills: CNN (Convolutional Neural Networks), Azure AI, Web Development (React.js, FastAPI), UI/UX Design (Figma), Software Development Life Cycle (SDLC), Operating Systems (Linux, Xinu), Microsoft Office (Excel, Word, PowerPoint).

Soft Skills: Time Management, Organization, Team Collaboration, Analytical Thinking, Problem Solving.

Languages: Indonesian (Native), English (Limited Working), Japanese (Elementary).
